# NO TARIFF

Leaders.

Protective League Brings Up an Entirely Different Issue-Other Brief News Items from the National

Capital.

Washingto. ?an. 2.—Speaker Cannon and other Republican leaders in the House have decreed that there shall be no tariff revision this winter. The Anaerican Protective Tariff League, the organization of high tariff advocates, as represented by its officers, is not as secure in the belief that the protected interests are as as belief that the protected interests are as belief that the protected in a scheme to distract public as the standard blood purifier, and stomach, ney remedy.

No other medicine has been so gener as the standard blood purifier, and stomach, ney remedy.

No other medicine has been so gener as the standard blood purifier, and stomach in the feature public as the standard blood purifier, and stomach in the feature public as the standard blood purifier, and stomach in the feature public as the standard blood purifier, and stomach in the feature public as the standard blood purifier.

N Protective Tariff league should be in-terested in a subject so utterly without a bearing on the tariff question. But while Speaker Cannon has put his foot down upon tariff revision, there is a strong sentiment in that direction in the House. Members from Massachu-setts and certain Western and North-western states declare that the attitude on the part of the leaders will be felt in several districts next fall.

Fifth-Will you endeavor to secure the passage of a state law eliminating convict labor in our penal institutions whenever such work enters into competition with free labor?

Sixth-Will you try to secure the passage of a state law providing for the appointment of practical mechanics to act as inspectors for all plumbing and sleam fitting as a safeguard, to public health? Rules for the laying of pipe and the making of sewer connection are to be provided for in this bill.

## Praise for Halvosa.

The Leard passed resolutions emphatically endorsing the work of Philip J. Halvsosa, organizer, during the past few months of the year. Mr. Halvosa's report showed that there have been organized since early fall five new labor unions; there have been 11 new affiliations of labor unions with the Vermont state branch of the American Federation of Labor and at present there are six applications for permission to affiliate to be acted upon.

## Cheerful Outlook.

"Then you believe the world is get ting better? You say you don't believe there will be any grafting twenty-five years from now?"

Not because the world is getting better, but the grafters are getting so thick that there won't be any picking left by that time."—Kaness City Times,

## THE CAUSE.

Pneumonia is developed from a cold, but all colds do not develop into Pneumonia. If a cold is neglected, the chances are Pneumonia will follow.

The best way to prevent Pneumonia is to keep your system in such a condition that it will repel a cold at its first approach.

Nothing will put your system in such a perfect condition as MAGEE'S EMUL-SION. It contains just the elements needed. It is a pure Cod Liver Gil com-bined with Malt and Hypophosphites --a food, a medicine and a tonic combin-ed. There is no alchohol in it to give temporary stimulation, but it benefits you from the start. It makes you strong by building up the tissues and enriching the blood. Strong, healthy people are better able to withstand the trying winter weather.

Don't neglect your health. Start tak-ing Magee's Emulsion to-day; delays are dangerous.

E. A. DROWN, Druggist, 48 No. Main St., Barre, Vt.
